ACTIVITIES & MISSION

ACT Afterschool students have access to the **Cathedral of St. John the Divine's** many lawns and gardens to play and explore. Students will participate in sports, arts and crafts, teambuilding games and free play throughout the afternoon.

We aim to build a community while building character--students learn to resolve conflicts through communication as modeled by our staff and to care for others through shared tasks such as classroom clean-up and community projects.

HOMEWORK HELP

Students and parents can elect Homework Help as an option. Staff members support students with their school work in a designated classroom.
